Bankstown

introduction

Bus services at Bankstown Interchange and Centro Bankstown link with suburbs in the local area and also to the major centres of Burwood, Hurstville, Parramatta and Liverpool.

Accessing public transport has been made easy by closely linking the buses with pedestrian crossings and the overhead bridge to Bankstown Station making it safer and easier for customers to make their connections. Buses also stop outside Centro Bankstown from designated stands.

You can catch one of the many buses departing Bankstown Interchange and Centro Bankstown to many western and south western suburbs. Services to major centres depart frequently and many operate from early morning until late at night.

This guide gives a general description of bus services using the interchange as well as general information about the facilities available.
